153 Millers Lane Staghorn Flat VIC

3 1

Ok, from the outside it looks like a shed, but don't dismiss it until you view inside where you'll find a very comfortable three bedroom home. Situated down a quiet country lane on a private block, the property features large open living / dining / kitchen with timber floor and gas cooking, wood heater, split system heating and cooling, three good size bedrooms and large bathroom / laundry. And the views... well they are stunning! Gardening included.
